

Alloy wheels and tyres

Summer 2026

TPMS sensors

Made in Germany

PLATIN Sens TPMS sensors are so called hybrid sensors that already incorporate many OE protocols.

They can be used like an OE sensor and cover approx. 90% of the market requirements. A universal sensor is also available, which can be programmed individually.

All PLATIN Sens sensors can be reprogrammed at any time with the standard diagnostic devices.*

*Ateq, Bartec.

The sensors are available in silver, grey and black – to match the colour of your wheels. There is also a version with a rubber valve.

PLATIN Sens – Made in Germany – is the perfect accessory for your PLATIN Wheels and PLATIN Tyres:

These wheels are suitable for winter use by special multilayer coatings

Cars summer

Cars all-weather

VAN summer

VAN all-weather

PLATIN RP 330 Summer

Summer tyre for passenger cars and SUV

Summer car tyres for comfortable driving and outstanding performance

Asymmetric tread design for outstanding performance
Outstanding driving performance on dry and wet roads
Minimised risk of aquaplaning and excellent braking performance
Exceptionally durability
Available in 42 sizes from 13–18 inch

PLATIN RP 430 Summer

Summer tyre for passenger cars and SUV

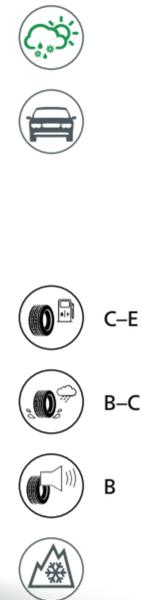

Specially developed high-performance summer tyre for cars and SUVs

Responsive handling and excellent grip on wet roads
Excellent stability at high speeds and precise cornering behaviour
Improved water drainage and maximum protection against aquaplaning
Reduced rolling noise and increased ride comfort
Tyre compound with a high silica content for excellent overall performance
Available in 56 sizes from 16–20 inch

PLATIN RP 100 Allseason

All-weather tyre for passenger cars

Year round use with the PLATIN all-weather tyre

Optimised handling and more traction
Reduced risk of aquaplaning and quick removal of water
Reduced rolling resistance and excellent wet-grip
High level of economy and savings of fuel
Can be used all year round (with M+S and snowflake symbol)
Available in 53 sizes, 13–18 inch

PLATIN RP 530 VAN Summer

Summer tyre for minivan, van and light trucks

Durable summer tyre for vans and transporters

Excellent handling and high impact resistance
Optimised contact patch when cornering and improved driving stability
Optimised wear resistance
Significantly increased tyre durability
Available in 11 sizes from 14–17 inch

PLATIN RP 700 VAN Allseason

All-weather tyre for vans, transporters and light trucks

High performance on wet roads

Good resistance to aquaplaning and short braking paths on wet roads
Improved grip on snow
Strong braking performance on snow-covered roads
Good directional stability and safe cornering on dry, wet and snow-covered roads
Available in 13 sizes, 15–16 inch

The successful brand for tyres and wheels

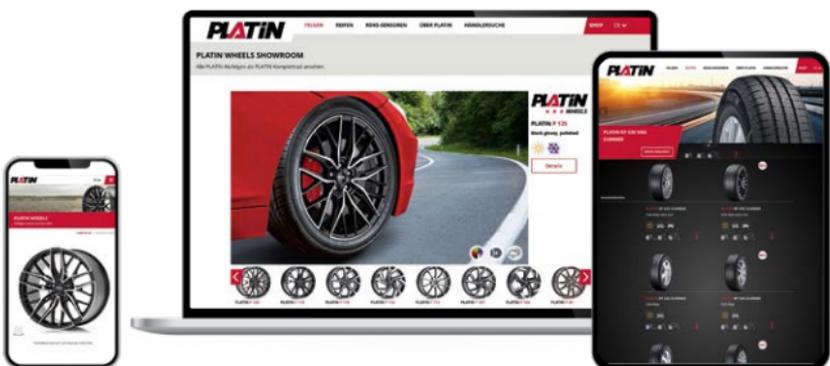

Since 1987 PLATIN has stood for fascinating wheel designs and innovative tyre technology with an outstanding price-performance ratio.

The wide range of unique PLATIN wheels with alloy wheels from 14 to 21 inches in more than 30 different designs leave just about nothing more to be desired.

All PLATIN wheels are TÜV-tested and have TÜV certification and a corresponding ABE.

PLATIN quality tyres round out the range with summer, all-weather and winter tyres for cars, vans and light trucks in more than 230 current sizes.

PLATIN tyres are developed on the basis of the very latest tread mix and profile technology and manufactured in modern production plants by leading tyre makers.
